Community TechAid

Strengthening communities through digital empowerment

Turn Tech Upgrades into Positive Change

Businesses upgrade tech, often retiring usable devices. Donate instead for a sustainable solution that benefits people and the planet.

By having businesses choose us to process their refreshed equipment, we can deliver impact directly into the heart of communities.

The Problem

11.9M PEOPLE do not have the digital skills needed for everyday life in the UK

250M LAPTOPS are manufactured annually, producing more CO2e than the airline industry

1.9M TONNES of e-waste is produced annually in the UK

Our Solution

1 Donation
We accept laptops, smartphones and tablets.

2 Refurbish
We securely wipe and refurbish devices, bringing them back to life.

3 Partnerships
We collaborate with over 350 organisations, including schools and refugee groups.

4 Training
We host training sessions, providing hands-on training and ongoing support.

5 Recycling
Anything we can't use is broken into materials then recycled back into production.

Our Impact

7000 devices
diverted from landfill

4000 people
connected with a device

10 tonnes
e-waste used or recycled

£250K
of technology to our community

How it works

1 Contact Us
Email or call our team with details about your tech and your preferred pricing option.

2 Receive Estimate
We'll provide a cost estimate and schedule a date for your devices to arrive.

3 Data Wiping & Refurbishing
We securely wipe devices in compliance with UK standards. If usable, they're refurbished for community reuse; if not, they're sent to our recycling partner.

4 Impact Report
If you've opted for an impact report, you'll receive details on e-waste diversion, CO2e savings, and inspiring stories of lives changed.

FREE
- Arrange delivery to our Brixton office
- You handle data removal
- No reporting

BASIC
- Arrange delivery to our Brixton office
- We remove data
- No certification or reporting provided

£5 per device

PREMIUM
- Collection available
- We remove data & provide certification
- Impact reports

£10 per device

> *Community TechAid were extremely easy to communicate with, and answered all of my questions. They showed me pictures of people who had received refurbished tech explained the impact of our donation. They were great, and we would definitely donate to them again.*
